

‘Initiatives against Cyberbullying and Hate in Social Media’

Project No: 2019-1-CY02-KA205-001537

Newsletter 2

As autumn is gradually giving its place to winter, the project ‘Initiatives against Cyberbullying and Hate in Social Media’ is successfully coming to an end. All partner meetings took place face-to-face in all partner countries (Cyprus, Austria, Slovenia and Slovakia), followed by interesting events. The project was disseminated to teachers, trainers, youth workers, as well as students and young people all over Europe, raising awareness about cyberbullying and hate speech and motivating people to get involved in preventing and addressing such phenomena.
